MEET SOME OF OUR AIRTRUNKERS

Yinshi Lin
Junior Data Analyst
Singapore

Yinshi joined AirTrunk Singapore in 2022 as a Data Analyst Intern and is now a full-time AirTrunker in the Site Selection team.

“Joining AirTrunk as an intern was a really rewarding experience. I am grateful to AirTrunk and my co-workers for providing an environment that was supportive of my learning and growth.

Having my thoughts and ideas heard and being able to make valuable contributions to projects significantly boosted my confidence and made me feel appreciated.

All these things motivated me to become a full-time employee and continue my journey with AirTrunk!”

Luke Dowson
Commissioning Manager
Australia

Luke joined AirTrunk in 2021 as Facilities Supervisor for the SYD1 Operations team. He then took on the role of Technical Services Manager before being appointed Commissioning Manager in the Development team.

“AirTrunk has been a great place to further my career. It has a culture of enabling individuals to be the best they can be while leveraging existing skill-sets. I have been afforded incredible opportunities which have developed me both personally and professionally. Being part of AirTrunk’s data centre growth from the ground up is a truly unique experience.”

Karen Brown
Global Head of Data Centre
Operations
Australia

Karen joined AirTrunk in 2017 and has since received two promotions — from Service Delivery Manager to Head of Service Delivery to Global Head of Data Centre Operations.

“Working at AirTrunk has been instrumental in my personal and professional growth. The company’s supportive environment has allowed me to learn and develop at my own pace, empowering me to make decisions and lead effectively. This freedom, combined with the trust and belief from the leadership team, has enabled me to exceed my own expectations and achieve remarkable results.”

Masato Hori
Treasurer
Japan

Masato joined AirTrunk in 2021 as the first treasury team member for our Japan operations based in Tokyo.

“I am responsible for capital funding for our data centre development projects in Japan. As we continue to evolve and grow at rapid pace, we are invested in innovative strategies which include sustainable financing and funding for emerging markets.

Working at AirTrunk is exciting. The level and speed of innovation keeps me energised and inspired. With our groundbreaking initiatives, we continue to push the boundaries and create new standards for data centre financing.”

HOW WE HIRE

The candidate experience

AirTrunk's interview and hiring process is a mutual exploration. Open and transparent conversations will enable both parties to assess if there is strong alignment and a clear understanding of potential fit.

Our commitment to inclusive hiring

We know that our rich diversity enables us to attract top talent and innovate more successfully. We embrace diversity and acknowledge that every individual has different needs. We are committed to an inclusive and engaging hiring experience grounded in fairness and equity. We do this through:

1. Screening our job ads to ensure inclusive language
2. Diverse, cross-functional interview panels
3. Inclusive interviewer training
4. Transparency of feedback, and
5. Endorsement by Work180, as a great workplace for women.

What do new AirTrunkers say about joining AirTrunk?

100% of new hires surveyed in 2023 agreed that AirTrunk's recruitment and selection process was conducted professionally and felt equally positive about the onboarding experience.
